

TSH at the HIDA OPs Conference

Learn ways to improve your inventory process with TSH at HIDA's 2007 Operations Conference

Session Highlight:

The ABC's of Inventory Optimization

David Fertig

The Systems House, Inc.

Monday, June 11, 3:15 p.m. – 4:15 p.m.

Every distributor struggles with the best methods to analyze their inventory and rank it for use with their inventory systems. Our speaker David Fertig will bring a no nonsense simplified approach to reviewing the current industry standards for inventory ranking and some newer methods based upon the changes in the global economy. Attendees will learn to use service levels to provide better customer service and lower inventory obsolescence. As well as how to apply the different ranking methodologies, inventory classes, and inventory weights to current purchasing and inventory optimization techniques and systems. This session is designed to give you and your company the tools to lower overall costs while increasing performance, fill rates and operational efficiency.

Additional sessions include:

- Maintain Accuracy and Save Money in 19 Steps, Rene Jones
- Building and Managing Lean Six Sigma Supply Chains, Michael Rackley
- Supply Chain Trends in Hospitals & Health Systems, Robert Lawton Burns, PH.D.

Visit the HIDA Operations Conference Web site or download a copy of the registration brochure today.
